

happen that some of the measures of one plan affect measures of the other (e.g. the traffic is jammed in a street due to the refurbishment of a large building or renovation of street lighting to improve energy efficiency). Thus, it could be necessary to review the impact of such action by implementing a joint review of the two plans, recalculating the indicators and planning further and alternative measures to overcome the problem in order to reduce pollutant emissions and improve citizens' quality of life.

ACTION	WHY	HOW	PERSON IN CHARGE	DUE DATE	REVIEW DATE

Table 4: Summary sheet

RATE YOUR PERFORMANCE

For a clear outlook of results, SIMPLA suggests to use a colour code to signal urgency of action when completing the table above, as described in the box shown below.

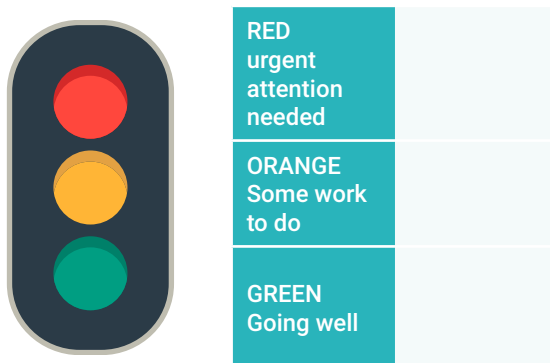

Fig 9: Colour code for performance rating
